

# Get in tune with the power of AI

Unlocking the next generation of AI for business with IBM watsonx

Watsonx.ai is part of the IBM watsonx platform that brings together new generative AI capabilities, powered by foundation models, and traditional machine learning into a powerful studio spanning the AI lifecycle. With watsonx.ai, you can train, validate, tune, and deploy generative AI, foundation models, and machine learning capabilities with ease and build AI applications in a fraction of the time with a fraction of the data.

Watch the demo of IBM watsonx.ai today and see how IBM's next generation enterprise studio can enable you to train, tune and deploy AI models, with the power of foundation models, allowing you to build powerful AI applications at a faster rate.
